

When picking up your
child....

Our goal is to responsibly reunite you with your children.

Please

- ◆ Bring your patience
- ◆ Do not block driveways
- ◆ Follow your school's procedures

Bay Elementary School Emergency Pick Up Location

During any emergency, Bay parents are asked to pick their children up from the Bockman Road gate. The Bay School staff will stay with your children at all times during any emergency and will work quickly with all parents to release children in an orderly manner.

Emergency Student Release Procedures

1. The San Lorenzo Unified School District will keep and care for all students in an emergency situation (such as loss of electrical power, wind/rain storms, earthquakes, etc.) until the end of the school day or longer if the emergency dictates.
2. Should conditions exist that make transportation impossible, students will be kept at school until the parent, guardian or an authorized adult comes to check the student out of school. In such conditions it is expected that parents/authorized adults will come as soon as possible to pick up their student(s).
3. It should be noted that elementary students will not be sent home during the normal school hours because of an emergency. Only high school parents/legal guardians may have their student(s) released, as per normal absence/release procedures during school hours.
